PROJECTS

Personal Portfolio Website:

A responsive personal portfolio website built to showcase my skills, projects, and contact information. It includes animated skill progress bars, smooth scroll animations, and SEO optimization for better visibility on search engines. The site is deployed online for public access.

Tools: HTML, CSS, JavaScript, AOS (Animate On Scroll), GitHub Pages.

E-Commerce Website:

Developed a front-end e-commerce website featuring product listings, shopping cart, and a checkout page. Converted the entire styling from Tailwind CSS to standard CSS and implemented a payment modal with multiple payment options like Paytm, Google Pay, PhonePe, and UPI.

Technologies Used: MERN Stack (MongoDB, ExpressJS, ReactJS, NodeJS, Postman(Rest APIs)).
