🧠 SKILLS

Technical Skills

- Full Stack Development
- Git & GitHub
- Deployment
- Database
- Firebase
- AWS

Soft Skills

- Creativity
- Teamwork
- Leadership
- Problem-Solving
- Time Management

📁 PROJECTS

Personal Portfolio Website: [🔗](#)

A personal portfolio website built to showcase my skills, projects, and contact information. It includes animated skill progress bars, smooth scroll animations, and SEO optimization for better visibility on search engines. The site is deployed online for public access.

Tools I Used : HTML, CSS, JavaScript, GitHub Pages, Google SEO & Analytics

E-Commerce Website: [🔗](#)

CampusCart - Engineering Students Book Hub

Developed a full Stack e-commerce website featuring product listings, shopping cart ,and a checkout page. Converted the entire styling from Tailwind CSS to standard CSS and implemented a payment modal with multiple payment options like Paytm, Google Pay, and UPI.

Technologies I Used: MERN Stack (MongoDB, Express JS, ReactJS, NodeJS, Postman(Rest API'S), OAuth, SEO, AWS EC2.

Authentication App [🔗](#)

MERN Authentication

Developed a full-stack Authentication App using the MERN stack (MongoDB, Express.js, React.js, Node.js) for secure user registration and login.

Implemented RESTful APIs with Express and Node.js, and managed user data using MongoDB. Integrated JWT-based authentication and password hashing for enhanced security. Built a responsive React UI with protected routes and real-time form validation for better user experience.

CERTIFICATES

- [IBM - Introduction to Html, CSS, Javascript.](#) 
- [Google - Cloud Cybersecurity Certificate](#) 
- Oracle - Cloud Infrastructure 2025
- [Amazon - Full Stack Web Development](#) 
- [AWS - Technical Essentials](#) 
- [Guvi - 100 days of Python](#)
